

# Magnets

**Concept:** Magnetism can be passed to other objects that have iron and steel in them.

## *What You Need –*

- a magnet
- a few sewing pins
- two sewing needles

## *What You Do –*

- Hold one of the needles by the eye.
- Stroke it gently with the magnet in the same direction 30 times.
- Use the same end of the magnet and do the same thing with the other needle.
- Put the needles very close to some pins.

*What You Should Notice –*  
Your needles attract the pins.

## *Explanation –*

Write your explanation here.
